

If you are interested in
the quality of our natural resources,
we invite you to learn more about the

Westmoreland Conservation District

We can help you
Wisely use our natural resources

- If you are **building a home**, we can help you take steps to control erosion and stormwater runoff.

 724-837-5271 ASK FOR NICOLE OR CHRIS

- If you **own a woodlot**, we can help you effectively manage it with a stewardship plan that will sustain the forest and reduce soil erosion.

 724-837-5271 ASK FOR TONY

- If you **are a farmer**, we can help you manage your soil, chemicals, manure and animals in a way that can save you money and, at the same time, protect the soil and nearby streams.

 724-837-5271 ASK FOR DAN

- If you **care about clean water**, we can show you ways to manage water on your property – whether it's the rain from your roof or a stream flowing through your back yard.

 724-837-5271 ASK FOR JIM OR KATHY H.

- If you **care about saving energy**, we can show you innovative ways to heat and cool your home or business.

 724-837-5271 ASK FOR GREG

WE ALSO OFFER CONSERVATION WORKSHOPS, TOURS, AND PROGRAMS.
